One of the most important opportunities available in the Global Technologies Management major is the broad coverage given to the entire field of management. If you were to decide that financial management or operations management was more suited to your needs or if you just cannot make up your mind, this will create no problem. You have two full years to make a final decision on your major area while taking more generalized business courses which will help you determine where your interests and abilities lie.

Completely equipped computer laboratories are available for your use. There are many academic computer labs conveniently located all over campus. They consist of various types of PCs, Apple PowerMacs, and laser printers and are all interconnected via a Novell computer network.

Four computer laboratories are maintained for the use of business students. These laboratories are equipped with 90 IBM-compatible computers, 5 laser printers, 12 transcribers, and 1 scanner.

As a part of the University Business Association, a campus organization comprised of students in the various business majors, you will have an opportunity to become acquainted with successful Christian business people who speak at the regular meetings. Four days a week the Chapel message is brought by the President or by selected speakers. Each Friday the Chapel period is devoted to the meetings of various literary societies.

The annual spring Bible Conference is one of the many exciting features of the University and Academy year. Your regular academic work will be suspended for the Conference, during which you will hear messages from outstanding Bible teachers, pastors, and evangelists.

All students have opportunity to participate in the University's athletic program. Through a well-integrated program of intramural athletic competition, a very high percentage of student participation is possible. You will have the opportunity to compete in a wide variety of both team and individual sports including soccer, basketball, softball, track, volleyball, tennis, swimming, badminton, judo, table tennis, racquetball, and indoor soccer.
