

MAJOR CHOSEN: MISSIONARY AVIATION

FLIGHT OPTION ONLY

I. A BRIEF DESCRIPTION OF THE MAJOR

The objective of this program is to train students who wish to prepare for service on the mission field to perform as safe and competent pilots. The flight courses provide ground and flight instruction for the Private Pilot Certificate followed by advanced training leading to the attainment of the instrument rating and the Commercial Pilot Certificate. Supportive courses in Bible and missions are an integral part of your preparation.

II. COURSE HIGHLIGHTS

Here are some of the courses you will especially enjoy:

Survey of Missions This course introduces each student to the breadth of missions. The course begins with the Biblical view of missions. Special attention is given to the kinds of ministries and current trends. The course also includes discussions on pertinent historical aspects of missions--successes and failures of the past. Special attention is given to biographical study of great missionaries from the past, focusing on their ministries and devotion to the Lord. Finally, the course concludes with the functions of missions: boards, churches, recruiting, and objectives.

Aviation Safety and Survival This course will be essential to your future in aviation. You will study the history of aviation safety, the causes and prevention of accidents, and survival techniques using actual survival equipment.

Commercial Preparation This course will finalize your requirements for the Commercial Pilot Certificate. You will gain proficiency in an airplane with retractable landing gear capable of greater cruise speeds. You will perform various high performance maneuvers at various altitudes.

III. A TYPICAL YEARLY COURSE SEQUENCE

This is a suggested program of study for you. Other refinements to your program can be made when you consult your faculty advisor at the time of your enrollment.

Freshman

Orientation 1
 History of Civilization 3
 Old Testament Messages 1
 Personal Evangelism 1
 Primary Ground School 2
 Solo Flight 1
 Fundamentals of Speech 3
 English Composition 3
 Total 15

Orientation 1
 History of Civilization 3
 New Testament Messages 1

 Principles & Methods of Missions 3
 Women in Missions 2
 Cross-Cultural Discipleship 2
 Current Issues in Missions 1
 Practical Missionary Skills 2
 World Religions 2
 Total 18

IV. FACILITIES, EQUIPMENT, AND OPPORTUNITIES

Missions Internship One summer you will be required to serve an 8-12 week internship with a missionary on the field. This will enable you to experience real mission work with its cultural adjustments, language barriers, and joys and sorrows.

The aircraft operated by the University include a fleet of diverse training airplanes. Single-engine training is accomplished in Diamond aircraft and a Cessna 172RG. The Diamond Eclipse DA20 has GPS navigation capability and is used for primary and advanced training. The Diamond Star DA40 has the new “glass panel” technology and is used for advanced and instrument training. The Cessna 172RG with retractable landing gear is used for instrument and commercial flight training. Optional multi-engine training is accomplished in a high performance Piper Aztec. Fully equipped instrument flight simulators for single and multi-engine are available for instrument training and proficiency.

The flight training department operates in an office and hangar facility on the Greenville Downtown Airport, just 3 miles from campus. You will have access to satellite weather service, computer test preparation, and audio-visual courses. Your opportunities include cross-country flying, instrument flying, mountain flying, night flying, and flying into grass airstrips.

The extension program provides for the development of student leadership and experience in various types of Christian ministries, such as church visitation, jail services, retirement home ministries, youth work, and child evangelism.

Girls' Extension Ministries sponsors a seminar each semester which is designed to help you with your extension ministry and to enrich your personal life.

In the Ministry Resource Center you will find a Christian periodical and tape library, duplicating equipment, complete topical files, and a wide variety of audiovisual materials and equipment. This laboratory is maintained for your class and extension use.

Mission Prayer Band is a campus organization designed to stimulate missionary zeal and vision. Students gather four times weekly to systematically pray for the needs of the missionary cause around the world, and to hear speakers challenge them on mission themes.

Through the summer extension program (Practical Evangelism), you will continue to receive guidance and practical experience in Christian service throughout the summer months. These courses carry two hours credit each summer, and you may take them wherever you may reside during the summer.

Chapel is a central feature of Bob Jones University. This 35-minute service is held every morning, Monday through Thursday. These services are a source of great inspiration to students. Four days a week the Chapel message is brought by the President or by selected speakers. Each Friday the Chapel period is devoted to the meetings of various literary societies.

The Mack Library, with 90,000 square feet of floor space and seating for over 1,300 students, gives you access to 294,000 volumes, 1,100 current periodical subscriptions, and more than 17,000 music, speech, and language recordings. Mack Library offers access to over 65 electronic databases on the library web site. An interlibrary loan program is available through OCLC, a national database, for books not held in our library. Other prominent features include the Jerusalem Chamber, a replica of the room in Westminster Abbey in London in which work was done on the 1611 King James Bible, and the University Archives Room which displays materials about the Founder and history of the University.

Davis Field House, with over 87,000 square feet and seating for 3,000 people, contains 4 full-sized courts; auxiliary courts; indoor and outdoor tracks; swimming pool; café; and a fitness center with fully-equipped exercise room, aerobic room, sauna, and whirlpool.

Completely equipped computer laboratories are available for your use. There are many academic computer labs conveniently located all over campus. They consist of various types of PCs, Apple PowerMacs, and laser printers and are all interconnected via a Novell computer network.

If you are planning to live on campus, you will be glad to know that all of our residence halls are air-conditioned, have wall-to-wall carpeting, and have a phone in each room. You will be able to make long-distance calls directly from your room and have them automatically placed on your school bill.

All of our classrooms are air-conditioned, and there are awnings over the sidewalks to keep you dry when it is raining. The Dining Common serves 8,500 delicious meals a day, and the Snack Shop and Bookstore in the Student Center carry just about anything you'll need.

You will find the finest Christian young people in the country are your fellow students, and without trying too hard, you may end up making a life-long friend!

V. ABOUT THE FACULTY

All of our School of Religion faculty members have extensive preaching experience in local churches, and a majority of them have pastoral experience. Several are currently serving as pastors of small (and some not so small) churches on the weekends. They know the problems of local churches, and they are sympathetic to the needs of pastors. One of these faculty members will be your advisor.

The faculty of the School of Religion are highly qualified. The combined teaching experience of the full-time faculty averages close to 20 years per teacher. All of the full-time faculty members have master's degrees, and almost 90 percent have earned doctorates.

Several members of the faculty are currently involved in writing books, material for Christian school textbooks, religious periodicals, and journals.

The aviation faculty are also highly qualified. They have experience flying and instructing in various environments including military, corporate, charter, and missionary flying. One faculty member is authorized by the FAA as *Designated Pilot Examiner* to give flight tests and issue Pilot Certificates for Private, Instrument, Commercial, Multi-engine, Airline Transport Pilot, and Flight Instructor.

VI. CAREER OPPORTUNITIES AND PLACEMENT

The School of Religion extension office will assist you in finding positions for Christian service. Pastors, camp directors, mission board directors, and other recruiters often visit the campus to find personnel for their ministries. Graduates can be found serving the Lord in a wide variety of fields--from teaching to working on the mission field.

Liaison is maintained with the major mission boards and with the commercial aviation community. The aviation faculty are available to assist you in finding the right ministry opportunity after graduation.

Several aviation graduates work in these areas:

U.S. Air Force

Air taxi owner/operator/pilot

Aircraft mechanic

Corporate pilot

Flight Instructor

Airline pilot

Mechanic Instructor

Missionary Pilot/Mechanic

There are BJU aviation graduates who have served or are now serving on the mission fields of Puerto Rico, Canada, Alaska, Mexico, Honduras, Africa, Brazil, Korea, Japan, and the Pacific Islands of Truk, Fiji, and Ponape.

VII. BJU: AN AFFORDABLE EDUCATION

Enclosed is an expense sheet detailing the cost of attending Bob Jones University. When you compare our charges to those of other private colleges, we think you will be pleasantly surprised. We believe we offer a student more value for his dollar than anyone else in America. And to help you see how affordable "the Opportunity Place" can be for you, we have enclosed a financial aid brochure that you can use to evaluate your own situation. Your Admissions Counselor or the Director of Student Financial Aid would be happy to discuss this with you if you have any questions.

HOW TO TAKE THE NEXT STEP . . .

If you can see yourself in the career described in the profile, then a great opportunity awaits you at Bob Jones University. It is the opportunity for the premier Christian college experience in all the world. It is the opportunity for learning, for fun, and for developing new friendships. It is the opportunity to prepare for a lifetime of service for the Lord . . .

The Opportunity Place . . . God's Special Place for You.
